		<p>SA: Reafing up on supporting trans students and staff, is meeting with EDI team next week.</p> <p>MW: Ran a stall during welcome week to gain student feedback on manifesto eg plastic/AI usage. Working on simplyfying campus page and getting students to sign up, aiming to grow to 500 students. Policy brief for COP30 and has fed into a policy briefing going into the UN.</p> <p>Working with societies involved in sustainability. Planning an event on Student Sustainability Day where there will be a Guild-led panel led by MW.</p> <p>Planning for Green Week for March next year.</p> <p>Planning for fossil-free campaign, working on AL.</p> <p>AL: working on representation for excluded groups and advocating for students relating to issues such as immigration and working towards more empathetic policies. Advocating for students in Gaza due to arrive in Birmingham.</p> <p>Decolonisation – University is reconsidering their approach to this and FoS. CoL initiatives – leading regionally on free transportation for students. Writing a proposal for anti-apartheid week which has gone through the democratic system.</p>	
4	NUS Priorities & Democracy	<p><u>Info on NUS Democracy here</u></p> <p>JB outlined how the NUS has changed their democratic involvement in events. Conferences are being moved to more regular democratic events for NUS England and similarly through their liberation collective. Nominations close at 4pm today. 4 additional NUS England Reps are eligible to nominate themselves as well as AL who is nominated through the bylaws.</p> <p>NUS Conferences are now being moved to priority submissions from SUs, through GOG. Asking for one SU priority and one for liberation groups. Deadline is 14 October for this. List of priorities are on the NUS website, if there is a new priority this can be added, or you can participate in an existing priority.</p> <p>AL suggested on aligning with RGSUs, suggesting CoL and decolonisation. Asked the group for feedback. Unanimous agreement on this suggestion.</p>	

		JB brought up the form that needs to be submitted, JB and MP to draft this and send round for approval and then submission upon approval.	
5	PTOs and Liberation Forum	<p>AL outlined that herself and AK have been looking at launching this from research from other SU's and how this is integrated within the democratic system, to create a support system for PTOs and officers. Proposed that GOG write a paper together to bring to the Trustee Board.</p> <p>AK outlined how they want to create the networks and feedback loop/communication for PTOs to hear from communities and campaigns as a useful tool. Opened to the room for feedback.</p> <p>LM: Asked around expected numbers and how it would work around intersectional community members.</p> <p>AK: Assured that no network would be held at the same time so accessibility isn't an issue and that intersectional issues can be raised.</p> <p>AK: Isn't sure about numbers yet and needs to check with staff, it depends who will come on the actual day.</p> <p>JB: Outlined that number tracking or prediction is difficult without ticketing. Reminded PTOs that this could go over 7 hours a week but will be discussed in training.</p> <p>AL: Suggested that this would be considered in the paper.</p> <p>AK: Suggested a debrief to ensure that PTOs are involved in the process.</p> <p>MW: Mentioned they are happy to drop in where appropriate for sustainability.</p> <p>LM: Questioned practical timelines.</p> <p>JB: reminded paper deadline has passed and can have a conversation about this after the meeting.</p>	
6	PTOs coming to Joined Up Conversations ,Free Speech and EDI	AL: Asked the PTOs if they would like to be included in this space. Outlined that joined up conversations are with the University on making sure the University and Guild are aligned. There is a meeting tomorrow at 1pm and invited PTOs	

		into the space. Will be hearing from the University's freedom of speech expert. JB: shared the potential restrictions as University may not be able to allow for attendance at this stage.	
7	Decolonise, Decarbonise, Demilitarise	<p>AL opened with asking around the group's thoughts on this campaign. Had a meeting with SOS-UK who have provided resources and a campaign at Sheffield SU.</p> <p>MW: Mentioned tying this in with People & Planet Divestment campaign (University still investing in fossil fuels and arms trade, campaign to stop this).</p> <p>AL: Spoke about the arms trade motion that has gone through at the Guild and how to delegate the subsequent work being Officer-driven.</p> <p>JD: Suggested that they must hold a good relationship with University and asked about how to manage this relationship considering this proposal and still championing the cause.</p> <p>AL mentioned this has already been mandated through the democratic system and how we navigate this.</p> <p>JB: Mentioned the EPS relationship and the relationship they have with arms companies, reminded GOG of the democratic system and how EPS can campaign through the democratic system. In terms of 1-1 relationships that this can be supported at the same time and helping staff to understand how we work as an organisation.</p> <p>MW: Mentioned that the AT policy was written in conjunction with an EPS rep so their voice has been considered.</p> <p>JB: Fossil Free careers policy is up for renewal this AY and will go through the democratic system again, which is another way of engaging with EPS students.</p> <p>SA: Suggested if JD could abstain from the campaign if it is difficult relationship-wise.</p> <p>JB: Reiterated that officers are expected to implement them as it is democratically mandated.</p> <p>AL: agreed the consensus.</p>
